

2006 - Another successful Financial Year for Flux A/S

Asnaes, Denmark February 2007

The 2006 annual report has just been completed showing that 2006 has been one more successful year for Flux A/S.

The year-end result is well above the expectations despite significant investments made in technology and organisation. Increased market penetration and improved efficiency mainly drive the success.

The improved result will be invested in further developments of organisation and markets.

Flux continues the positive trend with another successful financial result.
